

Art of Healing Circle Retreat

May 19 -20, 2018

Laurel, Maryland

You are invited to participate in the Art of Healing Circle Retreat to be held in Laurel, Maryland.

This retreat was created for the purpose of facilitating self healing. Through a series of lectures and exercises we reflect on our nature as beings of light and our evolvment through the chakras into higher states of being. Regardless of our spiritual development, we all have access to the sixth chakra within, the gateway to God, to Intelligent Infinity. This is the chakra of self healing. Within this chakra is the higher self. People who have had a Near Death Experience (NDE) such as Anita Moorjani, and who underwent spontaneous healing, did so because they accessed this divine within. We all have access to the higher self, even without an NDE. The purpose of this event is to awaken to and experience this truth about ourselves.

The Circle Retreat features the "Miracle of Self-Healing" exercise which allows us to identify issues that underlie our most prominent concerns and to heal these from within. We learn to use our life experiences as catalyst to facilitate personal healing and spiritual evolvment. As we access self-healing, we also facilitate healing for others.
