

Art of Healing Circle Retreat

The Art of Healing Circle Retreat was created for the purpose of facilitating self healing. Through a series of lectures, guided meditations, exercises and personal sharing, we learn about our nature as beings of love and light and how we evolve through the energy centers within, known as our chakras, into higher states of being. Regardless of our level of spiritual evolvment, we all have access to the sixth chakra within, the gateway to God, to Intelligent Infinity. This is the chakra of self healing. Within this chakra is the Higher Self.

People who have had Near Death Experiences (NDE) such as Anita Moorjani and Eben Alexander, were spontaneously healed because they accessed this Divine within. We can access this Higher Self without an NDE. The purpose of this retreat is to facilitate such an experience for participants.

The Circle Retreat features the "Miracle of Self-Healing" exercise which allows us to identify issues that underlie our most prominent concerns and to heal these from within. We learn to use our life experiences as catalyst to facilitate personal healing and spiritual evolvment. Another highlight of the weekend retreat is the "Blessing of the Energy Centers" guided meditation created by Dr. Joe Dispenza.
